Ludwig Adriane G. Intal

+63 995 016 8925 | Pampanga, Philippines | ludwigadrianeintal@gmail.com | website

SUMMARY

A Computer Engineer experienced in integrating software and hardware to develop functional systems and programs with the help of AI. Skilled in building, testing, and refining programs, troubleshooting hardware issues, and transforming messy and unstructured data into clean, organized, and readable datasets.

TECHNICAL SKILLS

- **Tech Stack:** C++, Python, Flutter, MySQL, PostgreSQL
- **Hardware:** ESP32, Raspberry Pi 4B, Arduino UNO, Sensors
- **Skills:** Excel, PowerBI, Artificial Intelligence, Computer Vision, Prompt Engineering
- **Sytems and Tools:** Windows, Linux, Git, Github
- **AI:** Claude, Gemini, ChatGPT, DeepSeek

WORK EXPERIENCE

Municipality of San Simon Pampanga – IT Department **February 2026 - April 2026**

Internship

- Installed and configured linux operating system on kiosk.
- Applied Excel formulas to automate data entry, remove duplicate records, perform calculations, and compare datasets, improving data accuracy and processing efficiency.

PROJECTS

CAMote — AI Helmet-Violation Detection and Plate Lookup System **2026**

Full-Stack Developer | FastAPI + PostgreSQL + YOLOv8 + Vercel | Personal Project

- Developed a real-time helmet-violation detection system using custom-trained YOLOv8 models, ByteTrack multi-object tracking and PaddleOCR plate recognition, logging violations in about one second to a FastAPI + PostgreSQL platform deployed on Vercel with role-based admin consoles, an appeals workflow and audit logging.

BraiLingo — Braille Learning Device for Blind and Visually Impaired Users **2025-2026**

Software Leader | Raspberry Pi 4B + Flutter Android App | Undergraduate Thesis

- Developed a Raspberry Pi 4B–powered tactile Braille learning device using PWM-controlled solenoid actuators driven through a PCF8575 I2C GPIO expander, integrated with a companion Flutter mobile app over TCP to deliver adaptive, spaced-repetition Braille quizzes.

EDUCATION

Bachelor of Science in Computer Engineering **2022-2026**

Pampanga State University (former Don Honorio Ventura State University)

CERTIFICATES

- **"Data Analytics Essentials"** offered by DICT-ITU DTC Initiative through the Cisco Networking Academy program
- **How Data Analytics Powers Strategic Decision-Making: Leveraging Power BI, SQL, Data Warehousing, and Python"** Institute of Computer Engineering of the Philippines Region 3
